

Norco Seventh-day Adventist Church

April 4, 2020

eBulletin edition

- JUST BECAUSE YOU ARE STAYING HOME DOESN'T MEAN YOU CAN'T FIND WAYS TO SERVE!**
- ⇒ Loma Linda Medical Center NEEDS Face Coverings. If you have extra fabric or have a sewing machine, please contact Julie Roth (julieannroth@gmail.com) this week to see how you can help. Julie and Delia Santana have been sewing face coverings for both the Children's Hospital and the Main Hospital. We need sewers.
 - ⇒ We are looking to host a community Blood Drive towards the end of this month. Blood is desperately needed. This is safe and will save lives.
 - ⇒ Bored sitting at home? We will be putting together a couple of Church WorkBees to tackle some of our outside property projects. Limited to ten workers per date.

EVERY TUESDAY is our Church's opportunity to support our Norco Community Restaurants. Businesses and people are hurting. Let's reach out and help! Find a local eating establishment and order takeout from them. Skip McDonald's and Jack in the Box. Find a list of small eateries on our church's website.

In these unprecedented times, we need to stay in touch and band together as never before. Your Norco Church is developing new ways to reach out to all of our family - guests, visitors, and members. Here are a few of the ways we are going to be staying in touch with each other:

- **Our Norco SDA Church Website.** norcoadentistfaith.org This is our primary hub of communication and support. Check the site several times each week.
- **ZOOM.** We conducted last week's **Prayer Meeting** using the video conference tool, Zoom. It is free and does not have any of the social challenges of privacy like Facebook. All you need to do is accept the email invitation and instantly we are together—everyone can see you and hear you. We are conducting most of our church's committee/Board meetings using this tool.
- **Friday Night Vespers** via Zoom. A 45-minute worship of singing, sharing, and a devotion with our Church Family helps to welcome the Sabbath.
- Lastly, our **Church Elders** are calling every church member every week to check on, pray, and see if there is anything our Church can do to help each other.

So press together. **Reach out** to each other. Just because we can't congregate, doesn't mean will have to isolate.. **Be creative.** **Call** each other. **Email** 5 church members and tell them you are **PRAY**ing for them. If we ever needed each other before, we sure do need each other now.
